SUMMARY

UI/UX Designer with 7+ years of experience creating scalable design systems and user-centered digital products. Specialized in developing consistent visual design foundations, improving design team efficiency, and delivering engaging user experiences for B2B and B2C platforms.

PROFESSIONAL EXPERIENCE

Radya Labs (PT. Raditya Alkademi Digital)

Bandung, Jawa Barat

UI/UX Designer & Graphic Designer

November 2025 - Present

- Designed and improved user interfaces for web and mobile applications
- Conducted user flow analysis and created wireframes & high-fidelity prototypes in Figma
- Contributed to the development and maintenance of the company's design system
- Collaborated closely with developers and product team to ensure design consistency and usability
- Improved user experience by simplifying complex workflows

Radintera (PT Karya Inovasi Digital Nusantara)

Bandung, Jawa Barat

Freelance UI/UX Designer & Graphic Designer

July 2024 - March 2025

- Collaborated with Hayya Kalibrasi Indonesia to design and develop the official website, increasing user engagement by 20% through interactive and user-friendly design.
- Delivered graphic design solutions for both digital and print materials, ensuring brand consistency in every visual output.

eFishery (PT Multidaya Teknologi Nusantara)

Bandung, Jawa Barat

Interaction Designer (UI/UX Designer)

January 2018 - February 2025

- Successfully built and maintained the Onefish Design System (v1 & v2) used across all mobile and desktop applications, boosting design team efficiency by 80%.
- Created reusable modular illustrations integrated into the design system, reducing new illustration production time by 50% and visual production costs by 70%.
- Developed comprehensive usage guidelines for each component, including descriptions, usage rules, and code snippets, facilitating easier adoption for new teams.
(See: design.efishery.com)
- Designed farmer-facing products such as Product Alot (Feeder Apps) and e-commerce platforms (eFisheryKu, eFishery Fresh) focused on practical and user-friendly solutions.
- Developed internal dashboards that improved operational efficiency across various business units by 30%.
